From the MD, GGPL/CGD/LAND/2018-19/1, dated: 01.05.2018.

O R D E R:

In the letter read above, the Managing Director, Godavari Gas Private Limited (GGPL) has stated that Godavari Gas is currently developing CGD network in 17 Cities /Towns in East & West Godavari Districts. As a part of the Project, Godavari Gas is targeting to provide PNG connectivity to over 8000 households by August, 2018. Godavari Gas, in parallel, is also planning to establish CNG Stations at various locations in these Districts to meet the fuel needs of Vehicles. In order to commence PNG supply to Households and to commence CNG supply for Vehicles in these 17 Cities /Towns, it is essential to establish City Gate / Regulating Stations /CNG Stations in all these 17 Cities/Towns for which Land admeasuring to 0.25 - 1.0 Acres is required at various locations. Wherever Government Land is technically feasible, Godavari Gas is pursuing with the District Authorities for alienation proposal.

2. However, at many of the locations, Government Land is either not available or technically not feasible and the only other option is acquisition through private negotiations wherever the consent of the land owner is available. Therefore, he has requested to constitute an appropriate Land Purchase Committee comprising of members from District Revenue Authorities and Godavari Gas executives to expeditiously acquire requisite land for its various facilities through direct negotiation.

3. After careful examination, Government hereby Constitute Negotiation Committee with the following members to procure the private lands directly by negotiating with the private land owners who are willing to sell their lands for setting up City Gate/CNG Stations in East & West Godavari Districts.

i.	Joint Collector of the concerned District	- Chairman
ii.	Managing Director, APGDC	- Member Convener
iii.	Revenue Divisional Officer concerned	- Member
iv.	Director(Finance), APGDC/DoP	- Member

4. The Managing Director, Godavari Gas Private Limited shall take necessary action accordingly.
